## Adams-Friendship Area School District

Street Address	201 W. 6th Street Friendship, WI 53934	Contact Name	Carol Jefferson
Mailing Address	201 W. 6th Street Friendship, WI 53934	Phone	(608)339-3213 x210
Profile	The Adams-Friendship Area School District boasts of strong academic and co-curricular programs. Our district has a proud tradition of Preparing Students to Perform for Life. Throughout the area, state, and country you will find graduates of the Adams-Friendship Area School District who are successful in their chosen career area and are contributing citizens as well.		

The school district has three (3) elementary schools, one (1) middle school, and one (1) high school to serve residents of the area. There are educational programs designed to meet the individual needs of all students including those in talented and gifted programs as well as those who may have an exceptional education need.

Our students benefit from small teacher to student ratios as well as the individual attention that is realized in a small, safe school district. The South Central Instructional Network Group (SCING), of which the Adams-Friendship Area School District was a founding member, provides an opportunity for advanced and expanded coursework over a distance-learning network.

Students of the Adams-Friendship Area School District compete at the local, regional, state and national levels in a number of activities. Just a few examples of these activities would include: athletics, forensics, Future Farmers of America, Health Occupations Students of America, Student Council, Knowledge Master, Future Business Leaders of America, and Distributive Education Club of America. The district recently had a National Merit Scholarship Winner, state championship dance team, state championship Spanish Forensics Team, and qualifiers for competition at the national level in the areas of HOSA and DECA.

Quality education of this kind does not occur without strong community support. The district completed a \$15 million dollar building project that resulted in a new High School and remodeled facilities throughout the area.

Description	<p>Interested in working with eager junior high students to explore out-of-the-box topics like humor, astronomy, medicine, game theory, the FBI, chemistry, oceanography, myth busters, the Amazon, zoology, extinction, play writing and more?</p> <p>WCATYs Online Academy (<a href="http://www.academy.wcatyweb.org">www.academy.wcatyweb.org</a>) is currently recruiting master teachers and content experts to develop and instruct our new line-up for the 2010-2011 school year. Our online courses bring gifted students from different Wisconsin schools and districts together to learn through a mix of online and in-person sessions. Class sizes average 20 students who are currently in grades 5-6 or 7-8 and who have been identified by the school as demonstrating high ability and deep passion for the subject area.</p> <p>Through our program, you will design a nine-week, thematic, project-based, online course which will act as a Language Arts replacement class for high level, accelerated learners. Instructors are responsible for developing three face-to-face workshops, guiding online learning through the nine-week course, and providing assessments for the schools. The daily instructional schedule is flexible. Instructors are expected to respond to students online for at least one hour each day with additional time spent each week evaluating student work. The workshops are held from 9am to 1pm at locations throughout Wisconsin. The face-to-face scheduling is flexible and typically located at a school district no farther than an hour from an instructors home.</p> <p>Instructors and Content Specialists earn an honorarium which ranges from \$1,000 to \$2,500 for each course, depending on the size of the class. We run three sessions a year and often place instructors in multiple locations each session, depending on the amount of desired work.</p>
How To Apply	<p>Apply by sending Rebecca Vonesh (<a href="mailto:vonesh@wisc.edu">vonesh@wisc.edu</a>) a current resume and a brief explanation of a course idea you would be qualified to develop.</p>
Requirements Qualifications	<p>Instructors are required to hold a Wisconsin Teaching Certificate and have teaching experience, preferably with gifted populations. Content Specialists should be working on a graduate degree, but may not have teaching experience. Content Specialists are paired with an experienced teacher to team teach. Content Specialists and Instructors must complete the Online Certification Program, both the online and workshop portions.</p> <p>As online teaching is a new environment, we require all instructors to complete our Online Certification Course, The Art of Online Curriculum Design. This hybrid course guides you through the process of designing a syllabus, building an online course, and instructing your first class. Though most content is covered online, new instructors are required to attend a two-day training session during the summer. Typically this program costs \$600 for those not teaching for WCATY. New instructors are asked to invest by placing a \$200 down payment at the beginning of the course, which is paid back as your syllabus is completed and the online course is designed. For more information, visit our website - <a href="http://www.wcaty.org">www.wcaty.org</a>.</p>
